**C** **am**  
When the wind's chasing the clouds and the sun is coming out,  
**Bb** **F** **C**  
when every single flower raise it's head, then there is You.

**C** **am**  
When the day's about to begin, and all the birds in this old town start to sing,  
**Bb** **F** **C**  
oh, and when I rise and smile with all my heart then there is You.

**F** **dm**  
All the people that I see, the books and papers that I read, the places that I've  
**Bb** **gm**  
never been to, dreams and visions I fell into, all the corners of my mind, the wish  
**E** **F** **C** **am** **Bb** **F** **C**  
of always being kind... You show me the right view....beautiful You!

**C** **am**  
When silence takes the place of talk, and those who went astray rethink the way  
**Bb** **F**  
of their walk. When every creature in this whole world holds it's breath then there  
**C**  
is You.

**F** **dm**  
All the chances that I take, the feelings I learned not to fake, the happiness, when  
**Bb**  
I first met You, Your boldness and the way You are true, open ears whenever I  
**gm** **E** **F** **C**  
speak, helping hands that loves to treat completely made me new...beautiful You!  
**am** **Bb** **F** **C**

**F**  
The things we don't dare to speak out, when we just wanna scream and shout  
**dm** **Bb**  
and all the things no one can see, what's deep inside and don't reveal, yes, only  
**gm** **E** **F**  
one can touch so deep that every beat that my heart beats longs to belong to  
**C** **am** **Bb** **F** **C**  
...beautiful You!
